Science Made Fun!

Hands-On Fun Science at Cherry Chase Elementary!

High Touch High Tech enrichments provide students with a unique, interactive experience that brings science concepts to life. Each session, students exercise scientific process skills such as observing, investigating, questioning, explaining and problem solving.

JOIN US AND EXPLORE!

(Different topics are covered in each session)

- The Power of Light • Sounds Fun • Wacky Water •
- Rock On! • Meteorology Madness • Shadows •
- Edison's Workshop • Zoom to the Moon • The Green Machine • Space: The Final Frontier • Up, Up & Away! •
- Newton in a Nutshell • The Body Shop • Air with Flair •
